Redmine - Feature #25808

Allow import issues and time entries on multiple projects (map Project field to a column from CSV)

2017-05-11 04:46 - Jack Black

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Marius BĂLTEANU		**% Done:**	0%
Category:	Importers		**Estimated time:**	0.00 hour
Target version:	6.0.0			
Resolution:				

Description
When I use Import menu to create new issues, I found I could't import all issue in different project all same time. I had to import one project at once, that feel not convenience. So I wish redmine can support Project Feild dynamic mapping via csv file.

#4 - 2021-12-23 01:25 - Go MAEDA

- Has duplicate Feature #36246: Multi project csv import added

#5 - 2022-03-30 13:50 - Marius BĂLTEANU

- Target version set to 5.1.0

#6 - 2023-03-13 13:06 - Joan J

Hi, any way to accelerate this? Maybe a donation to the project or similar? This feature is really needed when doing imports from other tools.

#7 - 2023-10-03 06:46 - Go MAEDA

- Target version changed from 5.1.0 to 6.0.0
