**Description**

In the current version, only the current week is displayed on Calendar block. But it is inconvenient on weekends because users cannot see issues starting after a few days.

This problem can be resolved if users can configure the calendar block to display several weeks.

*- File configure the number of weeks on Calendar.png added*

*- File 26525-my-page-calendar.patch added*

I made it possible to change the weeks like this PNG image.
Selectable weeks are from 1 week to 5 weeks.
