Redmine - Feature #33730

Add new issue links for each version to the version list page

2020-07-14 08:29 - Mizuki ISHIKAWA

Status:	New		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Roadmap		**Estimated time:**	0.00 hour
Target version:	Candidate for next major release			
Resolution:				

Description
Currently there is a new issue link on the versions/show page(#28138). Clicking on that link will open a new issues page with the version already selected.   I think it would be useful to have a similar new issue link on the version list page.   ScreenShot_2020-07-14_15.24.25.png

History

#1 - 2020-07-14 08:30 - Mizuki ISHIKAWA

- File feature-33730.patch added

I attach a patch that add links.

#2 - 2020-07-18 08:58 - Go MAEDA

- Target version set to Candidate for next major release

#3 - 2020-07-18 09:28 - Go MAEDA

- File Screenshot_2020-07-18_roadmap.png added

- File Screenshot_2020-07-18_version.png added

- File feature-33730-v2.patch added

Thank you for posting the improvement.

I suggest making the patch more consistent with /versions/:id page. What do you think?

- Swap the position of Edit and New issue button
- Add a caption to Edit button

Roadmap page (patched):
