I made modifications to redmine_watcher_groups plugin to run it with Redmine 3.1.1.
See [[https://github.com/foton/redmine_watcher_groups.git]]

redmine_watcher_groups allows you to add watchers individualy or/and by group. On Issue create or update.

#8 - 2016-02-13 18:05 - Tyler Rose

I have attempted many different "watchers by group" plugin installations on a local redmine testbed (bitnami redmine, redmine at v3.2). Has anyone gotten this plugin mentioned (redmine_watcher_groups) to work with Redmine 3.2?

Thanks

- Status changed from New to Closed

- Resolution set to Fixed

Adding group as watcher was added in [#4511](#4511), for role there is [#9918](#9918).

I'm closing this.
