Category: REST API	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
<p>could you please introduce REST API to retrieve "redmine server activity" with all (or some filtered) events within certain time period. e.g. "show me what happened since Jan 1st" or "show me what happened with issues since Jan 1st".</p> <p>this info is crucial for Redmine1-Redmine2 sync, which was requested by several people.</p>
