

Redmine - Defect #10483

After creating a new relation on a issue the relation is not displayed, in some cases

2012-03-19 17:59 - Dieter Egert

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:		Affected version:	1.3.1
Resolution:	Cant reproduce		
Description			
I have a isse created. Then I open the issue details and a a relation to an other issue:			
<ul style="list-style-type: none">• Related issues: add,• select 'follows' in pulldown menue• key in issue no• key in 1 into field 'Delay'• Select 'Add' button			
Expected: Relation is shown to other issue no			
Displayed: No relation is shown. (This error does not always appear..!)			
But: After refreshing of browser the relation is shown			
Used:			
Firefox 10.0.2 (also found on earlier versions)			
Redmine 1.3.0.stable (also on Redmine 1.3.1.stable 8857)			
Ruby version 1.8.7			
Ruby Gems 1.6.2			
Rack 1.1.1			

History

#1 - 2012-03-19 18:16 - Ivan Cenov

I confirm in **Redmine 1.3.2** and in trunk [r9244](#).

Note that I have installed **redmine_better_gantt_chart plugin 0.6.3**.

#2 - 2012-03-20 09:39 - Dieter Egert

Note: I also have some plugins installed:

- redmine_better_gantt_chart V 0.5.0
- redmine_issue_due_date 0.1.0
- redmine_better_gantt_chart 0.5.0 and others..

#3 - 2012-03-24 17:11 - Jean-Philippe Lang

- Resolution set to *Cant reproduce*

Please try without plugins.

#4 - 2012-03-24 19:40 - Ivan Cenov

Redmine trunk [r9258](#) without plugins.

It seems that the problem reproduces when the issue has not any relations added and the first relation that is added is of **follows** type.

If a relation of other type is added first, then it and the next relations of any type are added and displayed immediately.

#5 - 2012-03-25 00:04 - Dieter Egert

Yes, I can confirm the conditions described by Ivan Cenov for occurence of disappearing new relations.
