Hi,

I solved this problem when I changed the driver of mysql.

The driver is here <http://dev.mysql.com/get/Downloads/Connector-C/mysql-connector-c-noinstall-6.0.2-win32.zip/from/pick>.

I made migration task

https://github.com/kkkon/redmine_migration_serialize

ruby 1.9.3 change YAML engine default.

Column data that serialized lower ruby 1.9.2 not displayable on ruby 1.9.3

this happen at changed the version of ruby to 1.9.3 from older.
