Redmine - Feature #10737

Make the quick search a combo box

Description

In our redmine setup, we have near 200 projects.

Jumping to one project from the quick search is quite difficult in this setup, making it a combo box may improve its usability.

Regards.

+1!
Very useful if we have lots of projects...

+1

There's a plugin for that, but only working with 2.1 or 2.2 redmine's version !

Hi Daniel,
Yeah, absolutely !

I'm using it since two months, work like a charm.

- Resolution set to Duplicate

The feature has already been implemented in Redmine 3.4.0 ([#23310](#)).
