History

#1 - 2012-05-04 19:11 - Jeffrey Clark

Webrick appears to work fine. Perhaps a problem related to fastcgi.

#2 - 2012-05-04 19:50 - Jean-Philippe Lang

- Target version set to 1.4.2

I'm able to reproduce with apache+fastcgi.

#3 - 2012-05-04 20:49 - Jeffrey Clark

- File rest-upload-fastcgi.patch added

Unfortunately the various Rack::Handler's don't handle input all the same way :(

Or maybe (untested):
