Redmine - Feature #10975

An 'Involved In' filter

2012-05-21 06:15 - Gibbet G

Status:	Resolved		**Start date:**	
Priority:	Normal		**Due date:**

Target version:				
Resolution:				

Description
We have a lot of issues to track and it would be very helpful to have an 'involved in' filter or some other way to say "Issues I am author OR assignee OR watcher"...
This way when I sort it by 'updated' where i am 'involved in' I see all the recent issues that I need to see!

You might want to consider this plugin: http://www.redmine.org/plugins/involvement_filter

It has a bit different definition of involvement (no watchers,) but it should be rather easy to arrange for that.

#2 - 2012-05-23 14:17 - Etienne Massip

- Category set to Issues

#3 - 2012-06-04 07:53 - Gibbet G

- Status changed from New to Resolved

Hmm close enough I guess... Will see if I can twist it to my needs, thanks!

The plugin hasn't been maintained in years and isn't compatible to recent Redmine versions, but luckily the necessary filters "Updated by" and "Last updated by" have now been added to the Redmine core: #17720
