Revision 9831 - 2012-06-14 12:47 - Jean-Philippe Lang

Fixed that time report raises a SQL error if there are multiple CustomValue for a time entry (#11160).

History

#1 - 2012-06-14 11:19 - Gibbet G

I should also add that the field is a list that allows multiple select...

The field also has "required", "for all projects" and "searchable" unchecked... It has "Used as filter checked though...
