Description			
I tried to update my notification settings, but got the error "Username is already in use" (something like that, as I use the german language)			

History

#1 - 2012-06-15 09:13 - Etienne Massip

- Status changed from New to Closed
- Assignee deleted (Jean-Philippe Lang)
- Resolution set to Wont fix

It's caused by #10711, someone else owns the same login with a different case.

Fix has not been applied to redmine.org yet, maybe you'd like to update your login to a different one or wait for next website upgrade.
