<b>Description</b>			
Hi,			
As explained here: <a href="https://bugzilla.redhat.com/show_bug.cgi?id=829209#c23">https://bugzilla.redhat.com/show_bug.cgi?id=829209#c23</a> , you need to add minitest dep to the Redmine GemFile in order to run with the latest Ruby (due to minitest & bigdecimal core externalization).			
Best regards, Charlie

Same as [#11141](#). You can add this requirement in Gemfile.local at the root of your Redmine if your distro needs it.
