ok 3.8hours=3 heures et 48 minutes

Merci.

J'ai fini de mettre à jour redmine client pour qu'il soit compatible avec la version 2.0.3 de redmine.

J'ai du modifier validates_format_of :identifiant, :with => /[0-9]/, :if => Proc.new { |p| p.identifiant_changed? }

car redmine client n'accepte que des entiers en identifiant de projet.

Mais c'est un autre sujet.

Merci

ps(j'ai un autre dossier ouvert: assign group in role) peux tu juste me guider
