

## Redmine - Defect #11392

### Cannot edit issue description

2012-07-13 17:34 - Raghu Govindarajan

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Issues	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	2.0.2
<b>Resolution:</b>	Invalid		

**Description**

I can not change an issue description.

The "More" link after the "Change Properties" is not showing up. I have checked the permissions and they all look fine. I am a "Manager" of this project and the manager role does have the Edit issue checked (it has all permissions active).

I have another tracker running on Redmine 1.1.3 where this works fine as expected.

Here is my system information.... It is a Bitnami instance running on Amazon AWS.

Ruby version 1.8.7 (i686-linux)  
RubyGems version 1.6.2  
Rack version 1.4  
Rails version 3.2.5  
Active Record version 3.2.5  
Action Pack version 3.2.5  
Active Resource version 3.2.5  
Action Mailer version 3.2.5  
Active Support version 3.2.5

Screen shot added

#### #2 - 2012-07-13 17:52 - Etienne Massip

- Status changed from New to Closed

- Resolution set to Invalid

The "More" link has been removed, fields are all displayed initially in the form.

#### #3 - 2012-07-13 19:36 - Raghu Govindarajan

Thanks Etienne! I was looking all over and did not see it.

I have updated the manual page <http://www.redmine.org/projects/redmine/wiki/RedmineIssues/#Updating-an-existing-issue> with the new instructions.

If you have the permission, can you please delete the file RedmineChangingIssueDescriptionNewLink.png on that page? It has some non-obfuscated data.

#### #4 - 2012-07-14 15:45 - Etienne Massip

It is removed.
