History

#1 - 2012-08-01 19:29 - Vladimir Dzalbo

- Status changed from *New* to *Resolved*

Solved it by updating ruby to 1.9.3

Apparently it's a conflict of 1.8 ruby and 3.2 Rails

#2 - 2012-08-02 19:57 - Jean-Philippe Lang

- Status changed from *Resolved* to *Closed*

Redmine runs fine with 1.8 and 3.2. Maybe a builder issue, what was the version of your builder gem?
