Description			
I am using Redmine 1.0.3, and because some problems I had to upgrade to version 2.0.3 and its dependencies: <ul style="list-style-type: none">- Ruby 1.9.3- RubyGems 1.8.24- Rails 3.2.6- JRuby 1.6.7.2 <p>NOTE: There are no plugins installed, this version of redmine is exactly like the version 2.0.3 available on Redmine's website.</p> <p>So i found a bug, it seems that the sum of sub-issues property' "Spent Time", is always showing as 0.0 hours in the "Issue List" page, as you can see in attached picture 1.jpg.</p> <p>There is a way to fix it and show the "Spent Time" as the sum of all sub-issues property? As you can see a sub-issue in attached picture 2.jpg it has 3.0 hours.</p> <p>Thanks in advance.</p>
