

Redmine - Defect #11598

Priority automatically changes when you add a subtask

2012-08-07 16:05 - Joen Olsen

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Issues	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution: Duplicate	
Description	
<p>Priority automatically changes when you add a subtask.</p> <p>It's quite easy to test.</p> <p>Add an issue with the highest priority. Divide the task while you leave the main problem in the main task. The subtasks will contain less important tasks that you can delegate to people.</p> <p>When you add the subtask to the main task, the priority automatically decreases. It shouldn't.</p>
