

## Redmine - Feature #1166 broadcast

2008-05-02 19:33 - Sergio Freire

<b>Status:</b> New	<b>Start date:</b> 2008-05-02
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Resolution:</b>	
<b>Description</b>	
<p>I think it would be great to have a feature for doing broadcasts, more specifically for administrative purposes like:</p> <ul style="list-style-type: none"><li>- informing all users of downtime or some other operation</li><li>- notify users of some new feature..</li></ul> <p>This could be just a text box that would allow sending to all registered users (or if you want, just some set of them).</p>	

### History

We can have *broadcast* mail basically for this.

Ideally, admin should be able to send mail to all members, and a project manager should be able to send a mail to all project members.

That would be it!
