History

#1 - 2012-10-17 10:14 - Toshi MARUYAMA

- Category changed from Wiki to Website (redmine.org)

#2 - 2012-10-20 02:08 - Mischa The Evil

Seems like redmine.org admin(s) have revoked the View wiki history permission for anonymous users again.

Something similar was reported before via [#10939](#), which got fixed by granting the permission.

Yes, I'm really sorry for that. It's a workaround for not having the spam in the wiki visible to web crawlers. Until we can hide certain versions of a wiki page history, that's the only option for me.

- Status changed from New to Closed

- Resolution set to Fixed

This has been solved by now. Anonymous users are granted with the "View wiki history" permission again.
