

## Redmine - Feature #12223

### Make "My Page"-Widgets filterable

2012-10-26 15:10 - Daniel Felix

<b>Resolution:</b> Fixed	
<b>Description</b> As described in the topic. It would be great to have the well known filter ability in the "My Page"-Widgets.  Some example: I could filter "My Tickets" or "Watched Tickets" for "ticket status = open".  Maybe a new item could be also created. Some "Filter-Widget" which could be added multiple times with different sorting, grouping or filter. This would be useful for the project manager.

+1 on this issue!

I don't want to see closed tickets in the widget "Watched Tickets"

#### #3 - 2013-04-08 19:41 - Isaac Marco

Yeah... it would be cool that personal or public filters were a block available in "My page".

#### #4 - 2013-04-08 21:02 - Dipan Mehta

+1. Very essential. Alternatively, one can display saved queries on such blocks. Also, I would request id sorting of columns can be done.

#### #5 - 2013-09-13 16:36 - Chirag Anand

Plugin mentioned in [#1565](#) works: <http://www.redmine.org/issues/1565#note-38>

**#11 - 2017-03-17 18:49 - Marius BĂLTEANU**

I think that the requests from this ticket are covered by [#1565](#) and the issue can be closed.

**#12 - 2017-04-15 19:42 - Toshi MARUYAMA**

- *Status changed from New to Closed*

- *Resolution set to Fixed*

Thanks for your pointing out.

FWIW: this is a separate issue that was previously fixed by [r15315](#) for [#15777](#) in Redmine [3.3.0](#).
