<b>Target version:</b>	2.2.0	<b>Affected version:</b>	2.1.2
<b>Resolution:</b>	Fixed		
<b>Description</b>  I've just upgraded to the latest Redmine version and got this error: when I try to write links using "Title":URL notation and I use russian letters in the URL part, my links become broken. The same error I've got on your demo.redmine.org page.  Let's try it right here: in Russian: <a href="#">TECT</a>  in English: <a href="#">Test</a>  Redmine version 2.1.2.stable Ruby version 1.9.3 (i686-linux) Rails version 3.2.8			
<b>Related issues:</b> Related to Redmine - Patch #12077: Links ending with non-english letters don't... <b>Closed</b>			

#### Associated revisions

##### Revision 10879 - 2012-11-24 15:20 - Jean-Philippe Lang

Fixed that autolinks and textile links ending with cyrillic characters are broken (#12397).

#### History

##### #1 - 2012-11-19 08:01 - Albert Shakirov

Yes! The same error is on your site.

In Redmine 1.4 version everything was OK.

Again, the problem in the links like this (in this example I'm going to put some spaces to prevent it to convert to URL link with title):

"TECT" : http :// [www.test.ru](http://www.test.ru) / Тect

##### #2 - 2012-11-19 11:09 - fangzheng (方正)

By the way, when I add some english chars at the end of the url, it works fine. see below:

<http://www.redmine.org/TECT>

<http://www.redmine.org/TECT>

<http://www.redmine.org/TECTABC>

<http://www.redmine.org/TECTABC>

<http://www.redmine.org/TECT123>

<http://www.redmine.org/TECT123>

Specially:

<http://www.redmine.org/TECT/>

<http://www.redmine.org/TECT/>

So add a "/" at the end could be a workaround.

##### #3 - 2012-11-19 11:23 - Albert Shakirov

Yes, I know that. I've done a lot of experiments. The error appears when the LAST LETTER in the URL is Russian letter.

Unfortunately, adding a slash to the end is not an option for me. My links refer to wiki pages (to another site, not Redmine wiki), so URL with a "/" at the

end isn't correct.

**#4 - 2012-11-24 15:22 - Jean-Philippe Lang**

- *Status changed from New to Closed*
- *Assignee set to Jean-Philippe Lang*
- *Target version set to 2.2.0*
- *Resolution set to Fixed*

It's fixed in [r10879](#) with tests. Only works with ruby1.9.
