I have the same problem.

#2 - 2012-11-27 21:05 - Jean-Philippe Lang

Are you using the 2.1.4 stable release or a trunk checkout?

#3 - 2012-11-27 21:08 - Marcello Henrique

Stable release, the problem occurs exactly when making changes to generated page

#6 - 2012-11-27 22:51 - Jean-Philippe Lang

- *Status changed from New to Closed*

- *Resolution set to Invalid*

This was fixed in trunk before upgrading to Rails 3.2.9 but Redmine 2.1.4 stable release is supposed to run with Rails 3.2.8. Why did you change this dependency?

In my case, I did svn switch --relocate [...] and Gemfile remained of trunk. Now I will to take care with these settings.

Thanks.
