

Redmine - Defect #12451

Macros.rb extract_macro_options should use lazy search

2012-11-26 22:38 - Michael Esemplare

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:	2.1.5	Affected version:	
Resolution:	Fixed		
Description			
<p>I am unsure if the design was intended to be greedy, however for my macro I needed a lazy search since it took in a query string like: <code>query=?show_issues=1&show_news=1&show_documents=1&show_files=1&show_wiki_edits=1</code>. The current method matches <code>"query=?show_issues=1&show_news=1&show_documents=1&show_files=1&show_wiki_edits" : "1"</code>. When I look for <code>options[:query]</code> it returns nil. By using a lazy search, I get the intended result: <code>"query" : "?show_issues=1&show_news=1&show_documents=1&show_files=1&show_wiki_edits=1"</code></p> <p>Perhaps we should be able to specify if greedy or lazy?</p> <p>I have attached my "quite simple" patch.</p>			

Associated revisions

Revision 10885 - 2012-11-27 20:59 - Jean-Philippe Lang

Fixed that `#extract_macro_options` should not be greedy (#12451).

Revision 11007 - 2012-12-15 08:54 - Jean-Philippe Lang

Merged r10885 from trunk (#12451).

History

#1 - 2012-11-27 21:00 - Jean-Philippe Lang

- Category set to Text formatting
- Status changed from New to Resolved
- Assignee set to Jean-Philippe Lang
- Target version set to 2.1.5
- Resolution set to Fixed

Fixed and tests added in [r10885](#), thanks.

#2 - 2012-12-15 08:54 - Jean-Philippe Lang

- Status changed from Resolved to Closed

Merged in 2.1-stable.
