Target version:		Affected version:	2.2.1
Resolution:			
Description			
<p>I have found error on version 1.0.1 from Debian-Stable. Then i upgraded to the last version 2.2.1. Same error still showing on same issues.</p> <p>Some issues are normal diaplayed, some with this error. After editing and saving of issues with error there are no changes: same error.</p> <p>Copying issue with error to the new issue are ok, new issue are opened ok too.</p> <p>Error message from production.log version 2.2.1:</p> <p>Started GET "/redmine/issues/63" for 195.190.93.14 at Sat Jan 12 21:11:20 +0100 2013</p> <p>Processing by IssuesController#show as HTML</p> <p>Parameters: {"id"=>"63"}</p> <p>Current user: bear (id=3)</p> <p>Rendered issues/_action_menu.html.erb (14.5ms)</p> <p>Rendered issue_relations/_form.html.erb (5.6ms)</p> <p>Rendered issues/_relations.html.erb (9.9ms)</p> <p>Rendered issues/_history.html.erb (6.8ms)</p> <p>Rendered issues/show.html.erb within layouts/base (107.2ms)</p> <p>Completed 500 Internal Server Error in 490ms</p> <p>ActionView::Template::Error (undefined method `-' for nil:NilClass):</p> <pre>4: <div id="note-<%= journal.indice >"> 5: <h4><= link_to "##{journal.indice}", {:anchor => "note-#{journal.indice}"}, :class => "journal-link" > 6: <= avatar(journal.user, :size => "24") > 7: <= authoring journal.created_on, journal.user, :label => :label_updated_time_by ></h4> 8: 9: < if journal.details.any? %> 10: <ul class="details"> app/helpers/application_helper.rb:371:in `time_tag' app/helpers/application_helper.rb:367:in `authoring' app/views/issues/_history.html.erb:7:in `_app_views_issues__history_html_erb__5042996_70054040142960' app/views/issues/_history.html.erb:2:in `each' app/views/issues/_history.html.erb:2:in `_app_views_issues__history_html_erb__5042996_70054040142960' app/views/issues/show.html.erb:124:in `_app_views_issues_show_html_erb__506392088_70054038935660' app/controllers/issues_controller.rb:119:in `show' app/controllers/issues_controller.rb:116:in `show'</pre>

History

#1 - 2013-01-12 23:01 - Etienne Massip

Looks a lot like [#12026-3](#), did you migrate from Trac too?

#2 - 2013-01-13 12:02 - Michael F

Yes, i have migrated from Trac too. Manually set (SQL) all fielfs with date (created_on and updated_on) from '0000-00-00 00:00:00' to a valid value solved problem :)

```
UPDATE `wiki_contents` set `updated_on`='2010-12-31 23:59:59' where `updated_on`='0000-00-00 00:00:00'
```

Thanks!

But i think, that for null as date or wrong date must be showed correct error message.

#3 - 2022-12-30 09:00 - Go MAEDA

- *Related to Patch #38139: Add guard clause to time_tag method to handle nil time added*

#4 - 2022-12-30 09:03 - Go MAEDA

- *Status changed from New to Closed*

I have opened [#38139](#) to properly handle nil and avoid Internal Server Error.
