

Redmine - Defect #12893

Copying an issue does not copy parent task id

2013-01-18 09:10 - Florian S.

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:	3.3.0	Affected version:	2.2.1
Resolution:	Fixed		
Description			
When a user copies a ticket the fields should have the value the original ticket had. But the parent task id from the original ticket is not copied into the new ticket. I think this value should also be copied because it is part of the original ticket..

Revision 15058 - 2016-01-10 16:47 - Jean-Philippe Lang

Copying an issue does not copy parent task id (#12893).

History

#1 - 2014-08-27 14:18 - Toshi MARUYAMA

- Related to Defect #17580: After copying a task, setting the parent as the original task's parent triggers an error added

#2 - 2015-04-12 07:31 - Go MAEDA

- Duplicated by Defect #19486: Parent task field isn't preserved when copying issue added

#3 - 2015-10-20 18:32 - Olivier Houdas

Check the patch in #17580.

Note in particular that there is an option in Redmine (Admin\Settings\Issue tracking - Link issues on copy) which can interact with setting the parent.

#4 - 2016-01-10 16:48 - Jean-Philippe Lang

- Subject changed from copying a ticket does not copy parent task id into the new ticket to Copying an issue does not copy parent task id
- Status changed from New to Closed
- Assignee set to Jean-Philippe Lang
- Target version set to 3.3.0
- Resolution set to Fixed

Fixed in r15058.

#5 - 2016-12-25 05:09 - Go MAEDA

- Duplicated by Feature #6041: subtask duplicate gets parentless added
