

Redmine - Defect #129

'Issues' table shows weird date for 'Start' and 'Due date' columns

2007-10-15 06:47 - Andrew Gresyk

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
Description			
Symptom description:			
<ul style="list-style-type: none">• ~30 issues in the list (filtered by 'Open') without dates set• 4 of them have both 'Start' and 'Due date' set to different valid dates• Table shows '2007-10-09' in both 'Start' and 'Due date' columns for all four issues with dates			
Analysis:			
<ul style="list-style-type: none">• '2007-10-09' is a 'Start' date for the first of four issues with the dates set.• If the order of the issues is changed, all dates are changed to the 'Start' date of the first visible issue with the dates set.			
PS. Similar problem in the Gantt chart: issue pop-ups show the 'Start' date of the first visible issue on the chart.			
SVN revision: 839
