Target version:	0.8		
Resolution:			

Description

Implement an Atom feed for the project list page, since most of the other pages already have it, it would be great if you could parse the RSS feed for projects, and any custom fields associated with each project.

Associated revisions

Revision 1465 - 2008-05-27 18:49 - Jean-Philippe Lang

Adds new projects atom feed (#1290).
