

Redmine - Defect #12954

Required field can't be read-only

2013-01-23 10:32 - Daniel Felix

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues workflow	Estimated time:	0.00 hour
Target version:		Affected version:	2.3.2
Resolution:	Duplicate		

Description

Hi,

I've encountered some bug, which prevents the creation of a new issue.

Maybe this is solved by committing [#12005](#), but in the current trunk and Redmine 2.2.2 this bug is reproduceable.

Ways to reproduce this error:

1. Set custom field as required

Custom fields » Issues » AuswertungsID

Name *	<input type="text" value="AuswertungsID"/>
Format	<input type="text" value="Text"/>
Min - Max length	<input type="text" value="0"/> - <input type="text" value="0"/>
	(0 means no restriction)
Regular expression	<input type="text"/>
	(eg. <code>^[A-Z0-9]+\$</code>)
Default value	<input type="text"/>

Trackers

Used as a filter

Searchable

2. Define field as read-only in workflow

Workflow

Status transitions Fields permissions

Select a role and a tracker to edit the workflow:

Role: Tracker: Only display statuses that are used by t

	Neu
Standard fields	
Project *	<input type="text"/>
Tracker *	<input type="text"/>
Subject *	<input type="text"/>
Description	<input type="text"/>
Priority *	<input type="text"/>
Private *	<input type="text"/>
Assignee	<input type="text"/>
Category	<input type="text"/>
Target version	<input type="text"/>
Parent task	<input type="text"/>
Start date	<input type="text"/>
Due date	<input type="text"/>
Estimated time	<input type="text"/>
% Done	<input type="text"/>
Custom fields	
AuswertungsID *	<input type="text" value="Read-only"/>

3. Try to add issue, as you could see the field isn't displayed in the form but is checked in the required process

New issue

AuswertungsID can't be blank

Tracker * Fehler Subject * Testcase

Parent task Start date 2013-01-23 Due date Estimated time % Done 0%

Files

Maybe this one is related with [#12856](#), which hasn't any relation to custom fields, but the result seems to be the same.

Some suggestion to solve this:

Commit patch from [#12005](#), remove required checkbox from custom fields, set currently required fields to "required" in all workflows. This way there is no way to set a field as read-only and required.

Best regards,
Daniel

Needs feedback

Is duplicate of Redmine - Defect [#19193](#): Custom Field definition inconsistency

New

History

#1 - 2013-01-23 10:37 - Daniel Felix

- Description updated

#2 - 2013-01-23 10:39 - Daniel Felix

- Description updated

#3 - 2013-08-08 17:11 - Daniel Felix

- Affected version (unused) changed from 2.2.2 to 2.3.2

- Affected version changed from 2.2.2 to 2.3.2

I can reproduce this, even with the current release or with 2.3.2-devel ([r12012](#)).

It would be good to prevent setting a field to "hidden", if it is a required field. Or on the other hand, the field should be only required if it is visible to the user.

#4 - 2017-02-19 04:52 - Go MAEDA

- Is duplicate of Defect #19193: Custom Field definition inconsistency added

#5 - 2017-02-19 04:53 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Duplicate

Fixed by [#19193](#) (Redmine 3.1.0).
