Description

I need a new feature. It´s a log time control because my team were report days to much of 24 hours. This log time control do must limit that a person report more de a quantity of hours per day.

Thanks a lot

- Target version deleted (0.7.2)

Please explain this feature a bit more.

It will probably not make it into the 0.7-series.

#2 - 2008-05-28 17:44 - Eric Davis

Do you mean something like limiting the amount of time a user can log in a day? So UserA cannot log more than 8 hours per day, where 8 is a system setting.
