

Redmine - Defect #1318

when moving issue to other project time entries dont move with issue

2008-05-28 14:53 - Pim Snel

Status:	Closed	Start date:	2008-05-28
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
Description			
using version 0.6.3.1128:			
When I move an issue from one project to another, the time entries are left at the old project and the issue id's change to null. I think its more logical that all related time entries get the new project_id and keep their issue_id.			

History

#1 - 2008-05-29 20:56 - Jean-Philippe Lang

I think its more logical that all related time entries get the new project\_id and keep their issue\_id.

This is exactly what is done since 0.6.1. And I can't reproduce your problem.  
Please, give your Rails and database versions.

#2 - 2008-07-06 15:41 - Jean-Philippe Lang

- Status changed from New to Closed
- Affected version (unused) deleted (0.6.3)
- Resolution set to Invalid

Reopen if needed.
