Description Our customers at Planio thought that it would be nice to show thumbnails of image attachments inline with the respective journal entries of an issue. Here's the patch for that against 1.4.7. Should be relatively easy to port to current Redmine trunk.

I added 'vertical-align: middle;' to 'div.thumbnails img', to remove unnecessary margin at bottom. Here is an updated patch: [attachment_thumbnails_in_issue_history.diff](#)
