

Redmine - Defect #13518

To copy project doesn't copy the issues' custom fields in version 2.2.3

2013-03-19 11:43 - Guillem Tanyà Palacios

Status:	Needs feedback	Start date:	
Priority:	Normal	Due date:

Category:	Custom fields	Estimated time:	0.00 hour
Target version:		Affected version:	2.2.3
Resolution:			

Description

In Redmine version 2.2.3, when you copy a project that the issues have custom fields, this fields aren't copied.

In a previous release of Redmine (2.1.2) this problem is resolved.

The solution could be the same that is explained in the [#11315](#):

This solution consist in:

- Modify the file `app/models/issue.rb` to add a call to a function to recalculate the custom fields
 - In `tracker_id` function:

```
def tracker_id=(tid)
  self.tracker = nil
  result = write_attribute(:tracker_id, tid)
  - @custom_field_values = nil
  + recalculate_custom_field_values!
  result
end
```

- In `project` function

```
def project=(project, keep_tracker=false)
  project_was = self.project
  write_attribute(:project_id, project ? project.id : nil)
  association_instance_set('project', project)
  if project_was && project && project_was != project
    (...)
  - @custom_field_values = nil
  + recalculate_custom_field_values!
  end
end
```

- Finally, add the new method in `lib/plugins/acts_as_customizable/lib/acts_as_customizable.rb`

```
# Recalculate custom_field_values based on current available_custom_fields.
# We need to make sure no extraneous custom_field_values are saved,
# #custom_field_values= will only save values for custom fields available
# to this object.
def recalculate_custom_field_values!
  cfv_hash = custom_field_values.inject({}) {|h,cfv| h[cfv.custom_field.id] = cfv.value; h}
  reset_custom_values!
  self.custom_field_values = cfv_hash
end
```

I just came around this issue again and checked whether this issue still persists on current trunk (at [r16339](#)). AFAICS, this is fixed by [r15318](#) for [#22342](#). I did some quick tests and wasn't able to reproduce the issue any longer. Can this be confirmed by somebody?
