<b>Description</b>			
<p>When passing the description of a ticket to this method at line 360, the method parses the description wrongly for tickets. This is the text that was set as description:</p> <pre>&lt;a href=http://myspace.iega.info/sm.html#970999997 &gt;myspace image uploader&lt;/a&gt; [url=http://myspace.iega.info/sm.html#1508845067]myspace image uploader[/url] <a href="http://myspace.iega.info/sm.html">http://myspace.iega.info/sm.html</a> 1297564108</pre> <p>On line 251, \$1 had the value of 970999997, which passed the if condition and tried to stick it into the index of TICKET_MAP, which aborted the rake task with error "index too big"</p> <p>The solution in this case was setting the if to test for length &lt; 9 instead of 10, but a change in the algorithm may be required.</p> <p>Hope that info helped.</p>
