- Status changed from New to Needs feedback

What error message do you get? What exactly is "broken"? Do you mean that the text is not next to the magnifying glass?
Do you use a theme? If so, which one? IIRC, the A1 theme has this issue...

Can't reproduce on either 2.3.0 nor 2.3.1 (Debian, Apache, mod_passenger) with FF 21 (Win7x64) and default theme.
