

Redmine - Feature #14342

Apply changes on parent issue to subtasks when copying issues

2013-06-24 20:25 - Luis Furtado

Status: New	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Issues	Estimated time: 0.00 hour
Target version:	
Resolution:	
Description	
When I copy tasks with subtasks, the changed properties are applied only in the parent tasks.	
Environment:	
Redmine version	2.2.3.stable
Ruby version	1.8.7 (i686-linux)
Rails version	3.2.12
Environment	production
Database adapter	MySQL
Redmine plugins:	
redmine_impasse	1.2.2
redmine_screenshot_paste	2.1.0
redmine_wiki_extensions	0.6.2
redmine_wiki_lists	0.0.1

+1

#2 - 2014-06-30 06:49 - Toshi MARUYAMA

- Related to Defect #15742: No warning when copying subtasks to another project with different trackers added

#3 - 2018-08-07 16:46 - Go MAEDA

More details from #27864:

often I copy issues across versions. My issues have a lot of subtasks.

It would be useful if when I set, for example, version or status on parent issue the same are set on the subtasks.

Without this I must modify them afterwards, and this is not always easy.

#4 - 2018-08-07 16:46 - Go MAEDA

- Duplicated by Feature #27864: Subtasks inherit parent settings during copy added

#5 - 2018-08-07 17:20 - Go MAEDA

- Tracker changed from Defect to Feature

- Subject changed from Subtasks dont receive properties change when copied to Apply changes on parent issue to subtasks when copying issues

#6 - 2018-08-08 15:43 - Alessandro Zucchi

OK,

now we are two waiting for this important enhancement.

Hope soon

Alessandro
