

Redmine - Defect #14412

Wiki > Textile text with hidden part not correctly exported to pdf

2013-07-08 23:03 - Adrien SALES

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	PDF export	Estimated time:	0.00 hour
Target version:		Affected version:	2.3.1
Resolution:			
Description			
When i put the content (see textile source in attachment), and that i see the page with the section hidden, the pdf output is showing the raw textile output in the pdf, i'll put attachment very soon.

The textile source is in attachment (14412.txt)

#2 - 2013-07-19 07:03 - Toshi MARUYAMA

- Category changed from Wiki to PDF export

#3 - 2013-07-21 12:33 - David Majorel

- File 14412_remove_collapse_tags_in_pdf_export_r12037.diff added

The collapse macro prevents the correct Wiki formatting when exporting to PDF.

The attached patch (against [r12037](#)) removes every collapse macros before rendering PDF file but keeps their contents in place.

#4 - 2013-07-29 02:50 - Toshi MARUYAMA

- Related to Feature #13051: Support any macro in (pdf) export for wiki's and issues added
