<b>Description</b>			
<p>Hi G.Day i am using Redmine in my company since last 3 months . i m using redmine -v 2.1.6,which is supported by ruby 1.8.7 and 3.2.11 well now my question is since i have made many customization in redmine core code ,so i can upgrade it with currently latest version, is there any way to host my redmine which contain the -v 2.1.6</p>
