

Redmine - Defect #14770

Custom field filter do not work cross-project, unless custom field is marked for all projects

2013-08-26 09:31 - Wolfgang Neudorfer

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Custom fields	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>			
<b>Resolution:</b>	Fixed	<b>Affected version:</b>	2.2.4
<b>Description</b>			
A custom field (checkbox) exists that is used in multiple projects. A custom query to look for all issues (cross-project) with the checked custom field should be performed. However, it seems that custom field filters do not work cross-project, unless the custom field is marked to be active for all projects.			
Steps to reproduce:			
<div>1. Create a custom field and make it available in multiple projects. Check "Used as a filter".</div> <div>2. Create a custom query</div> <div>3. Try to add the custom field to the query. The custom field is not available in the "Add filter" dropdown.</div>			
Environment:			
Redmine version	2.2.4.stable		
Ruby version	1.8.7 (x86_64-linux)		
Rails version	3.2.13		
Environment	production		
Database adapter	MySQL		
Redmine plugins:			
redmine_wiki_lists	0.0.1		
wiking	0.0.3		

History

#1 - 2013-08-26 09:33 - Wolfgang Neudorfer

Additional info: I don't think it's a privilege issue as I'm currently logged in as Administrator.

#2 - 2013-11-15 19:11 - Wolfgang Neudorfer

Hi community,

could somebody look into this issue? Any help would be greatly appreciated.

Regards, Wolfgang

#3 - 2020-07-19 06:24 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Fixed

In Redmine 3.4 or later, custom fields that do not have "For All Projects" enabled are also included in the filter.
