| <b>Target version:</b>   |        |                        |            |
| <b>Resolution:</b>   |        |                        |            |
| <b>Description</b><br>It should be possible to replace an existing wiki attachment file in place with a new version having the same name and without changing the attachment document number. This feature would eliminate the need to update internal references from other wiki pages. |        |                        |            |
