

Redmine - Defect #15142

Wrong project name in email notification subject after moving issue to other project

2013-10-16 14:30 - Pavel Potcheptsov

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email notifications	Estimated time:	0.00 hour
Target version:		Affected version:	2.3.0
Resolution:	Cant reproduce		
Description Project1 - issue1. Issue1 has moved to Project2. Email notification after updating issue1 come with email subject as Project1. As you see on picture, after changing project, notification still show old project.			

History

#1 - 2013-10-20 10:43 - Jean-Philippe Lang

- Status changed from New to Needs feedback
- Priority changed from High to Normal
- Resolution set to Cant reproduce

I can't reproduce, and issue.project.name is really supposed to return the project name. Are you sure that this issue is in a different project?

#2 - 2013-10-21 09:02 - Pavel Potcheptsov

- File *rm_wrong_email_proj3.png* added

Yes, you are right, this is not redmine error.

I have checked more precisely again and found that Gmail includes email with similar (but not the same) subject in one conversation.

#3 - 2013-10-29 05:35 - Toshi MARUYAMA

- Status changed from Needs feedback to Closed

Thank you for your feedback.
