

Redmine - Defect #15664

Unable to upload attachments without add_issues, edit_issues or add_issue_notes permission

2013-12-10 11:00 - Pascal Jungblut

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Permissions and roles	Estimated time:	0.00 hour
Target version:	2.4.3	Affected version:	
Resolution:	Fixed		
Description			
Users with the manage_files permission are currently able to call FilesController#new and FilesController#create. However, uploading files requires permission to call AttachmentsController#upload. If a user has none of the permissions add_issues, edit_issues or add_issue_notes, they cannot upload files in the files tab.			
Proposed solution: allow users with the manage_files permission to call AttachmentsController#upload.			

Associated revisions

Revision 12652 - 2014-01-11 13:27 - Jean-Philippe Lang

Adds missing permissions on attachments/upload (#15664).

Revision 12846 - 2014-02-06 18:59 - Jean-Philippe Lang

Merged r12652 (#15664).

History

#1 - 2014-01-11 13:28 - Jean-Philippe Lang

- Tracker changed from Patch to Defect
- Subject changed from Allow users with the manage_files flag to call AttachmentsController#upload to Unable to upload attachments without add_issues, edit_issues or add_issue_notes permission
- Status changed from New to Resolved
- Assignee set to Jean-Philippe Lang
- Target version set to 2.4.3
- Resolution set to Fixed

Confirmed and fixed in [r12652](#) including for other actions (documents, wiki...).

Thanks for pointing this out.

#2 - 2014-02-06 18:59 - Jean-Philippe Lang

- Status changed from Resolved to Closed

Merged.
