

## Redmine - Defect #158

### A role with less permission than an anonymous

2007-11-30 11:00 - Cyril Mougel

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>		<b>% Done:</b>	0%
<b>Category:</b>	Permissions and roles	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>		<b>Affected version:</b>	
<b>Resolution:</b>	Fixed		
<b>Description</b>			
<p>Hi,</p> <p>I notice, that if I made a repository visible by anonymous and after I create a member. If I don't define that the user can see the repository, so this member when I connect to redmine, he can't see the repository.</p> <p>I think like the repository is public, every member can see the repository.</p> <p>Same issue for all right of an anonymous.</p> <p>I made an integration test as soon as possible.</p>			

#### History

##### #1 - 2008-04-30 13:52 - Jean-Philippe Lang

- Category set to *Permissions and roles*
- Status changed from *New* to *Closed*
- Resolution set to *Fixed*

As of r943, permissions are prefilled by 'non member' permissions when creating a new role.
