

Redmine - Feature #1583

Try task automatization

2008-07-05 02:41 - Fernando Almeida

Status:	Closed	Start date:	2008-07-05
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description I think that there are some actions in the action update that are connected. For instance, when I mark an issue as RESOLVED i always set the DONE = 100. I think that otherwise it doesn't make sense. If you agree to this, and think this might be a general assumption, please allow yourselves this modification. Keep up the good work!			

History

Why not to create this behaviour configurable?
So in main config should be shomething like this:

[x] Set % Done to 100% when closing ticket

Anyway I see one problem: what about closing tickets with Duplicate or Rejected status? Redmine "knows" only closing and not-closing statuses, but there is no difference between positive and negative closing..

#2 - 2016-09-14 12:53 - Benjamin Schunn

As Maxim already mentioned, there are several use cases where the ticket is not done but it is closed. So this ticket should be closed with 0% done.
:P

#3 - 2016-09-14 13:05 - Toshi MARUYAMA

- Status changed from New to Closed
