Target version:			
Resolution:			

Description

Currently the Versions are not grouped according to the projects version inherited.
Can you please show this combo as grouped.

Thank You.

+1.
This is really good imporvement for shared projects where users hard to pick a target from long list.
Hope you can implement this soon or give a clue to fix this.
thanks!

FTR.
According to [#9850#note-19](), [r16194]() ([#23265]()) prefix project name at version-format custom field in issue list.
