Target version:			
Resolution:			
Description			
I think it would be clearer to change the icon clip for the thumbnail image of the attached file			

History

#1 - 2014-01-23 12:45 - Luis Serrano Aranda

- File *old_view.png* added
- File *new_view.png* added

#2 - 2014-01-25 15:35 - Jan Niggemann (redmine.org team member)

- Status changed from *New* to *Needs feedback*

I'm **strongly** against removing the paperclip, as it's the paperclip that people recognize as a de-facto symbol for "attachment"...

#3 - 2014-02-26 14:26 - Luis Serrano Aranda

- File *Example multi attach.png* added

Yes, but if you add more than one image is difficult to know what each image is to delete (for example)

#4 - 2014-02-26 14:54 - Luis Serrano Aranda

- File *Example better multi attach.png* added
