Redmine - Feature #16083

Hide issue number on issue list or issue

2014-02-12 16:10 - chin szeyih

Status:	New	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Issues	**Estimated time:**	0.00 hour
Target version:			
Resolution:			

Description

The issue number is shown default on the issue list and issue (after tracker).

1. Can we hide the issue number (#)
   bulk-edit.png

2. Is it possible to show the custom field value instead of issue number on top of the issue after tracker.

- Description updated

#5 - 2023-12-08 00:34 - Dennis Yaskevich

I'm also intrested in hiding these numbers. They are unique across all the projects, and not make much sense for my workflow.
