

Redmine - Defect #16299

Custom Issue field is not saved while issue is created

2014-03-10 15:21 - Grzegorz Kuligowski

Status:	Needs feedback	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	2.4.3
Resolution:	Cant reproduce		
Description			
Steps to reproduce: <ul style="list-style-type: none">- Add custom field in "Issue" section (Administration->Custom Fields->Issues->New Custom Field). Assign this custom field to some project, for example "TestPr"- Go to "TestPr", click "New issue"- Fill the issue, fill created custom field- Click "Create"			
Expected outcome: The custom field has value equal to the filled one			
Percieved outcome: The custom field has no value (it is empty)			
Additional information: After issue is created I can click "update" and then I can edit and save this custom field without any problems.			
Environment: Redmine version 2.4.3.stable Ruby version 2.0.0-p353 (2013-11-22) [x86_64-linux] Rails version 3.2.16 Environment development Database adapter MySQL2

I'm sorry, I have forgotten to fill-in affected version 2.4.3. No I cannot edit this field :(.

#2 - 2014-03-15 12:30 - Jean-Philippe Lang

- Status changed from New to Needs feedback
- Resolution set to Cant reproduce

It just works for me, do you have any plugins installed?

#3 - 2014-04-08 18:34 - Toshi MARUYAMA

- Affected version set to 2.4.3

#4 - 2015-07-01 19:55 - Michal Kowalski

Problem still exists.
