Target version:			
Resolution:		**Affected version:**	

Description

Even when the non-member role is granted "change issue status" permission, the UI does not give non-member users the ability to close bugs.

History

#1 - 2007-12-26 12:40 - Jean-Philippe Lang

Go to the workflow setup screen, choose "non member" and "bug" and click edit. Then check the transitions you want to allow for this role and save.
