Description				
It goes rather sir	nple path and relies on availability lournalDetails' values to :text field	iption change to issue history) and <u>#7</u> y of 'diff' utility (not a problem in many I type (from :string of 256 symbols); be purnalDetails refer to previous and nex	cases). etter approach m	ight be introducing Issue
	s patch and better would be anoth

#5 - 2009-04-10 19:33 - Reach Everywhere

This patch is awesome.

#6 - 2009-04-22 12:24 - Jens Goldhammer

+1

#7 - 2010-11-27 05:42 - Mischa The Evil

See the plugin-announcement by Aleksander Palyan in note-12 of issue #746 which might solves this issue without hacking the core.

#8 - 2011-02-27 14:40 - Jean-Philippe Lang

- Status changed from New to Closed
